

## **David Kadonoff , CPA – Daily Money Manager**

David Kadonoff graduated from Shepherd University with a bachelor's degree in Accounting. He became licensed as a CPA in Maryland in 1991 and for over 20 years has worked for CPA firms, corporate accounting departments and consulting firms.

David joined his father and brothers in starting up a Reprographics business serving the Architectural, Engineering and Construction Industry in the DC area, where he served as CFO and General Manager. The business grew to over 40 employees before David sold his interest. His interest in serving the elderly came from his experiences volunteering with the Mental Health Association and the JCC where he had the opportunity to visit and help seniors with special needs. He sees his role as a Daily Money Manager as the ideal way to serve the senior community using the skills he has developed over his career. His greatest rewards come from hearing the life experiences of his clients, making friends and truly feeling like he is making a difference by easing their worries over financial affairs.

David was born in Montreal, Canada and grew up in Stowe, Vermont and Watertown, New York. He lives in Silver Spring, Maryland with his wife, Ruta and their cat. He enjoys spending time with his wife and daughter, trading the markets and working on projects in his wood shop.
